Transportation Security Administration

Stephen M. Lord 2010-02 The Transportation Security Admin.'s (TSA) Transportation Security Exec. Service (TSES) consists of exec.-level staff serving in key agency positions just below political appointees. Questions have been raised about the frequency of turnover within the TSES. Accordingly, this report examines: (1) TSES attrition and how it compares with that of Senior Exec. Service staff in other cabinet-level departments; (2) the reasons TSES staff separated from TSA; and (3) TSA efforts to manage TSES attrition consistent with effective management practices. The report analyzed data within the Office of Personnel Mgmt. Central Personnel Data File, reviewed TSA human capital policies and procedures, and interviewed former TSES staff. Illustrations.

The Indiana Companion to Traditional Chinese Literature William H. Nienhauser 1986 "A veritable feast of concise, useful, reliable, and up-to-date information (all prepared by top scholars in the field), Nienhauser's now two-volume title stands alone as THE standard reference work for the study of traditional Chinese literature. Nothing like it has ever been published." --Choice The second volume to The Indiana Companion to

Traditional Chinese Literature is both a supplement and an update to the original volume. Volume II includes over 60 new entries on famous writers, works, and genres of traditional Chinese literature, followed by an extensive bibliographic update (1985-1997) of editions, translations, and studies (primarily in

English, Chinese, Japanese, French, and German) for the 500+ entries of Volume I. **County Business Patterns** 1958 Business establishments, employment, and taxable pay rolls, by industry groups, under Old-Age and Survivors Program.
